DST or Infra Red

At a Glance

- Commercial grade design
- Landscape or portrait orientation
- Entry-level touch solution

Applications

- Retail
- Hospitality
- Medical
- Corporate

The V 32" touch display is one of TouchSystems' more budget-conscious displays, but the price tag is perfect for the person entering the touch technology arena. The display itself is LCD, ensuring crisp images and brilliant colors. It also can be mounted vertically or horizontally, which allows it to be featured in a variety of environments and venues. It comes with DisplayPort, digital loop-through, built-in speakers, and an Open Pluggable Specification (OPS) slot.
